

Manchester 235 – Interiors

Title/ location – Manchester 235, The Great Northern, Manchester

Client/ end user - Manchester 235

Completion date – 2009

Construction Cost - £5.5 Million

MANCHESTER 235 is the city's first luxury gaming, dining and live music club. The first UK casino to be influenced by the newly-hip Las Vegas scene is 46,000 sq ft. of the Grade II* listed Victorian Great Northern Warehouse. Making a conscious effort to break with Manchester's well-worn tradition of post-industrial minimalism, Manchester 235 instead reflects the playful decadence of casino culture drawing influence from the 1930s.
